The Fund offers investors the opportunity to access within a single fund the two asset classes for which Brandeaux is known:

Student accommodation; and

Ground rent and reversionary residential property.

The Fund combines the two asset classes through its investment in Brandeaux Student Accommodation Fund (Sterling) and Brandeaux's Ground Rent Income Fund.

The Fund's performance demonstrates the success of the investment objectives and strategy in delivering the long term positive, low volatility returns which characterise the entire Brandeaux range of Funds, setting them in a class of their own.

BRANDEAUX

DUAL ASSET FUND (US DOLLAR)

FUND OBJECTIVES

- To deliver consistent positive returns of between 5% and 7% per annum while maintaining a profile of low volatility performance;
- To invest in student accommodation and ground rent and reversionary property through Brandeaux Student Accommodation Fund (Sterling) and Brandeaux's Ground Rent Income Fund;
- To provide investors with a combination of investment in two asset classes with limited correlation to traditional asset classes; and
- To provide long term positive returns from the Fund's investment in the two underlying Brandeaux funds through a combination of secure income and capital appreciation arising from increasing rental values and reversionary value.

MANAGING CURRENCY VOLATILITY

As the Fund is invested in Sterling denominated assets, a currency hedging programme is employed to minimise the effect of fluctuations in the exchange rate of Sterling against the US Dollar.

ASSET ALLOCATION PERCENTAGE BETWEEN STUDENT ACCOMMODATION AND GROUND RENT PROPERTIES

- Student accommodation properties 47%.
- Ground rent properties 53%.

Liberty Park, Coventry, 464 beds, a typical student residence within the Fund's portfolio, which is marketed to students under the Liberty Living brand.

A typical ground rent investment within the Fund's portfolio with significant reversionary value.
